

# How to Assemble your Feather Flag

## Flag Hardware Indoor X-Stand/Cross base

1. flag pole
2. x-stand / cross base
3. cord
4. travel bag
5. water tube (to stabilize the flag)

## Flag Hardware Outdoor Ground-Stake/Spike base

1. flag pole
2. spike base
3. cord
4. travel bag

1

Make sure all the hardware is ready to go.

Connect the poles.

Thickest at the base and thinnest with the rubber tip at the top.

Slip on the fabric banner, starting from the top.  
Slide all the way until it cannot go any further.

2

FOR OUTDOOR BASE

Remove the protective cover and drive the spike  
into the ground. Make sure it is deep enough.

4

Insert the bottom of the pole  
into the ground spike.

5

Tie the elastic cord through the grommet at the  
bottom of the flag. Then fix the hook to the bottom  
of the pole.

3

FOR INDOOR BASE

Rotate the X Stand until they  
are perpendicular to each other.

4

For extra stability, fill the  
water tube and place on top.

5

Insert the bottom of the pole into the X Stand
